

New Product Release

SteadFast™ Wheel Lock

Lock It Down. Haul With Confidence.

Keep your tires secure with our adjustable SteadFast™ Wheel Lock - designed to keep your tires firmly in place during transport. Whether you're hauling with a trailers, flatbed, or vehicle carrier, the clamp is built for tough jobs and everyday use.

Key Features:

- **Quick load mechanism** for fast and easy setup
- **Heavy-duty powder-coated steel** resists rust and corrosion
- **Locks directly over the tire** to prevent shifting during transport
- **Fits most standard car and light truck tires**
- **Compatible with slotted trailer floors**
- **Ideal for tow trucks, trailers, and car haulers**

Why It Matters:

Secure tie-downs are crucial for safety and damage prevention during vehicle transport. This lock makes it easy - no complicated straps, no guesswork. Just lock and go.
