JUNE HIGHLIGHTS

June was a big month for us!

We hit the road and connected with many industry professionals at TowXpo and the Texas Trucking Show. Thank you to everyone who stopped by our booth. We loved meeting you, sharing our latest products, and getting insights into how we can keep supporting your work in the field. These events gave us a great opportunity to learn more about the evolving needs of the industry and showcase how our products are built to meet them. We're grateful for the conversations and connections that help drive our innovation forward.

Even more exciting news: **We celebrated our 10-year anniversary on June 26th!**

A huge thank you to our customers and team for helping us reach this milestone. Over the past decade, we've experienced tremendous growth, taken on new challenges, and built strong relationships that have shaped who we are today. None of this would have been possible without your continued support - and we thank you.

To show our appreciation, we gave our entire team the day off to celebrate and recharge. It was a small but meaningful way to recognize the incredible people behind TW Products - and to reflect on how far we've come.

LOOK AHEAD: JULY

While we're not hitting the road this month, we're staying busy behind the scenes. We're focused on refining our product catalogs, improving our online presence, and continuing to find new ways to better serve our customers.

Improving Online Presence

We've been making updates to our website to better showcase our products and make information easier to find. From refreshing the design to updating key information and streamlining navigation, our goal is to create a more user-friendly and informative online experience.

Refining Our Catalog

Our team has also been dedicating time to refining and expanding our product catalogs. Our goal is to make it simpler for customers to browse, search, and find exactly what they need - whether they're discovering something new or returning for a trusted favorite.

THANK YOU FOR YOUR CONTINUED SUPPORT!
