

## June Joy at TW Products®

### HAPPY ANNIVERSARY, TW PRODUCTS®

We will mark our 8th anniversary at the end of this month, on June 26. The last year has been a momentous one for our company. We have forged and reinforced numerous business relationships, added and improved infrastructure, and expanded our staff, all in a continued effort to provide the highest quality product and customer service possible. We are excited and proud to celebrate another year of bringing essential rigging and lifting hardware to our customers and sincerely hope to do so for many years to come.

A note for current and prospective customers: In observance of the TW Anniversary, our office in Jessup, MD, will be closed on Monday, June 26, 2023. Please keep this in mind should you need to contact a member of the TW Products® staff.

If you are interested in our company's wares or services or have any questions or concerns about a current order, please do not hesitate to contact us at [customerservice@twprod.com](mailto:customerservice@twprod.com). Details about our range of products are available on the [twprod.com](http://twprod.com) website and other company information. In addition, we encourage you to visit our social media pages on [Facebook](#), [Twitter](#), [Instagram](#), and [LinkedIn](#) for even more information.

### TW PRODUCTS® AT THE OTC 2023

This past month, we had the opportunity to be one of more than a thousand exhibitors represented at the 2023 Offshore Technology Conference (OTC) in Houston, TX. The conference focused on the tools and technologies needed for making offshore drilling and exploration projects as efficient and environmentally friendly as possible. Many of the items we stock and ship have applicability to offshore exploration, and our representatives displayed samples of these and other items to the many other exhibitors and guests that visited the booth over the conference's four days.
