

# TW PRODUCTS

Chain, Wire Rope & Rigging Hardware

We are excited to announce that TW Products has officially become a member of the Associated Wire Rope Fabricators (AWRF). The AWRF was formed in 1975 and incorporated the following year by a group of concerned businessmen who felt there was a need for sling fabricators and special rigging components manufacturers to join together to form a trade association. Becoming a member of the AWRF guarantees the standard of quality our customers can expect to receive from TW Products. That standard includes regulatory understanding and implementation for import and export business law, maintenance of product liability and the safety/quality testing and reporting of the highest caliber.

TW Products extends its thanks to All-Grip, B/A, and Bilco for being instrumental in helping TW Products attain membership into this esteemed association. Not only do we currently meet all the operations recommendations of the AWRF, we plan to exceed them!

**THANK YOU**
