

Our 2021 Thanksgiving Turkey Giveaway!

by **TW PRODUCTS** on November 19th.

TW Products is pleased to announce our 2021 Charity Turkey Giveaway!

1 in 3 Maryland Families experience food insecurity, with many of the people directly affected being children. While these struggles are painful and difficult year round, the emotional toll of food insecurity can become particularly stressful during the holidays, with

many impoverished children and parents going without food during a time of plenty for others. The Fall Holiday Season is not only a time of Thanks, but just as much a time of Giving.

In that spirit, this year our company has donated 100 turkeys (bulk ordered from the Columbia Wegmans) to local food banks, to be picked up and delivered a week before Thanksgiving. We are personally delivering them to Food Banks in need.

Thankfully, the Maryland and Washington-Metropolitan areas have a number of wonderful organizations devoted to helping those experiencing food insecurity, including but not limited to Maryland Food Bank and Howard County Food Bank. These groups are partnered or endorsed by larger Poverty and Hunger Aid non-profits including Feeding America and government programs like the USDA.

TW Products acquired the first batch of 50 Turkeys for the Howard County Food Bank on the 15th and delivered them by Maria Zhang, Aaron White, and Wendy Weissman. The second batch of 50 was picked up and delivered to the Baltimore Office of the Maryland Food Bank by Zhang and White on Thursday the 18th of November.

The hard workers of the local food banks offered their thanks, saying that 100 families would be made very happy for Thanksgiving.
