

TW PRODUCTS

Remote Work

When obstacles arise, make progress, not excuses

by **Maria Zhang** on November 18th, 2020

While deemed an essential business, TW Products is committed to doing its part to protect its employees, customers, vendors, and community. To do our part, we implemented a remote-work policy starting October 26th and have successfully transferred over 90% of our operations.

The safety of our stakeholders and the well-being of our community is our number one priority, period. We urge all businesses to practice remote work and limit your public exposure as much as possible. Only when we all practice social distancing can we get over this global pandemic and get back to our normal life.

Together, we will get through this and come out stronger than before. Until then, stay safe and healthy!
