TW PRODUCTS

Chain, Wire Rope & Rigging Hardware

Reflecting and setting goals is essential as we kick off the new year. Last year, we took on a few marketing initiatives, including venturing into a new sector—the mining industry. Additionally, we have developed and/or improved a few products, including new and improved G100 fittings and our own folding ratchet load binder. These are exclusively available through our sales team; hence, contact us directly for more information.

On our operation level, we have exercised our continued efforts and traditions from a more intimate organizational level. We are proud to share that we have maintained about 95 percent paperless operations, where we strive to eliminate the use of plastic and paper products as much as possible. Further, we have donated to local non-profit organizations, including Maryland Food Bank, Howard County Food Bank, University of Maryland, College Park, and Howard County Public Schools Education Foundation. We have also sent our customers holiday baskets as a small way to thank them for their continued support, trust, and another year of partnership.

In 2025, we plan to continue to innovate and improve. This way, we can stay ahead of the industry and offer adequate support to our customers. We plan to expand our marketing efforts and increase our brand awareness. Speaking of which, we plan to finalize the list of trade shows by the end of this month this year, so stay tuned for more updates. Thanks for reading, and be sure to contact us if you have any questions or feedback for improvement.
